

Re: Proceeding #02-278, I am opposed to the Consumer Bankers Association (CNA) asking the Federal Communications Commission (FCC) to impose more unwanted telemarketing calls on people by allowing Indiana member banks to contact customers, current or previous, even though they may be registered on the state's no-call list limiting such sales calls. My family banks with J.P. Mogan Chase and Co./BankOne, who are listed as Indiana member banks who favor the unopposed telephone calling to anyone with whom they do business. My home residence and cell phone numbers are all listed on the current no-call list, and I do NOT want to be receiving calls from my bank! Therefore, I join Indiana Attorney General Steve Carter in aggressively fighting the Association's request through procedural methods, and in asking the FCC to dismiss the petition.
